What do our team members say?

This job is missional. We are playing our part in changing society, and we do that with God at the heart of it.

What I love about working here is the culture of the team – we're pushing in the same direction, with a heart to realise the potential each young person comes in with.

I love being able to reach out to business and companies to change society together. It's so exciting when they catch the vision of Resurgo.

Working at Resurgo has been the best working experience I've ever had. It feels like I've found 'my tribe'.

Working as a Spear Coach means I not only get to have a positive impact on those around me, but it also gives me a sense of purpose.

I love working for Resurgo as they care so much about your personal and professional development and invest a lot in this - I love that I now have a professional coaching accreditation.

It feels exciting to work in a place where I am constantly growing, learning and being stretched, becoming even more of the person that God created me to be.
